PAYROLL INFORMATION

2021 SOCIAL SECURITY AND MEDICARE

The Social Security wages base (the maximum pay on which Social Security tax is levied) is \$ 142,800 for 2021 and \$ 147,000 for 2022.

	<u>2021</u>	<u>2022</u>
Social Security Withholding Rate - Employees	6.20%	6.20%
Medicare Withholding Rate - Employees	1.45%	1.45%
Social Security Withholding Rate - Employers	6.20%	6.20%
Medicare Withholding Rate - Employers	1.45%	1.45%

Employers will pay 7.65 percent of the first \$ 142,800 for 2021 and \$ 147,000 for 2022 and 1.45 percent of the wages in excess of \$ 142,800 for 2021 and \$ 147,000 for 2022.

For the self-employed, the rate is 15.3 percent on the first \$ 142,800 for 2021 and \$ 147,000 for 2022 and 2.9 percent on the excess over \$ 142,800 for 2021 and \$ 147,000 for 2022, with approximately half of the tax being deductible in calculating adjusted gross income.

0.9 Percent Additional Medicare Tax

An additional Medicare Tax is still effective and increases the employee-share of Medicare tax by an additional 0.9 percent of covered wages in excess of certain "higher income-levels".

An employer is required to collect Additional Medicare Tax with respect to wages paid to the employee in excess of \$ 200,000 in a calendar year. This rule applies without regard to the employee's filing status or other wages/compensation.

There is no "employer match" for the Additional Medicare Tax.

HEALTH INSURANCE REPORTING ON W-2S

Required for certain employers in preparing 2021 W-2s and future years.

This is required for those employers who had greater than 250 W-2s in the previous year. It is optional for other employers.

The Affordable Care Act requires certain employers to report the cost of coverage under an employer-sponsored group health plan. Reporting the cost of health care coverage on the Form W-2 does not mean that the coverage is taxable. The value of the employer's excludable contribution to health coverage continues to be excludable from an employee's income. The portion paid by both the employer and the employee health care coverage is reported on Box 12 of W-2 with a code of "DD".

The following link will provide information regarding what is required to be reported, and questions and answers related to these requirements:

EARNINGS TEST FOR RETIRED WORKERS

SSA uses the formulas below, depending on your age, to determine how much your benefit must be reduced:

- **If you are under full retirement age (see below):** when you start getting your Social Security payments, \$ 1 in benefits will be deducted for each \$ 2 you earn above the annual limit. For 2022, that limit is \$ 19,560. The earliest age that you can receive Social Security retirement benefits remains 62 even though the full retirement age is rising.
- **In the year you reach your full retirement age (see below):** \$ 1 in benefits will be deducted for each \$ 3 you earn above a different limit, but only counting earnings before the month you reach the full benefit retirement age. For 2022, this limit is \$ 51,960.
- **Starting with the month you reach full retirement age (see below):** you will get your benefits with NO limit on your earnings.

Please Note: Earned income is defined as income from wages or net earnings from self-employment. Pensions, 401(k) distributions, dividends, interest, and IRA distributions are NOT earned income.

What is Your Full Retirement Age?

<u>Year of Birth</u>	<u>Full Retirement Age</u>
1937 or earlier	65
1938	65 and 2 months
1939	65 and 4 months
1940	65 and 6 months

<u>Year of Birth</u>	<u>Full Retirement Age</u>
1941	65 and 8 months
1942	65 and 10 months

ELECTRONIC (EFTPS) TAX DEPOSIT REQUIREMENTS

The Internal Revenue Service has issued regulations requiring all depository taxes (such as employment tax, excise tax, and corporate income tax) to be made electronically using the Electronic Federal Tax Payment System (EFTPS). For more information about EFTPS or to enroll in EFTPS, visit the EFTPS website at www.eftps.gov.

MINIMUM WAGE

The Pennsylvania minimum wage is \$ 7.25 per hour for 2022. The Ohio minimum wage will increase to \$ 9.30 per hour effective January 1, 2022 (except for employers who gross less than \$ 342,000, \$ 7.25 per hour).

For Pennsylvania, the minimum cash wage for tipped employees will remain at \$ 2.83 per hour in 2022. However, an employer will have to make up the difference if the employee's tips and the \$ 2.83 per hour do not make up the Pennsylvania minimum wage. For Ohio, the minimum cash wage for tipped employees will be \$ 4.65 per hour in 2022.

OVERTIME PAY RULES

The Fair Labor Standards Act (FLSA) overtime rule determines whether employees are eligible or exempt for overtime pay. **Exempt employees**, because of their rate of pay and type of work that they do, are not eligible for overtime pay for hours worked over 40 in a workweek. **Nonexempt employees** must be paid time and a half for any hours worked more than 40 in a workweek.

The U.S. Department of Labor in September 2019 issued long awaited final regulations that extend federal overtime pay to workers. Effective January 1, 2020, the minimum salary required for an employee to qualify for an exemption from overtime pay is \$ 684 per week (equivalent of \$ 35,568 per year), and this increased to \$ 780 per week (\$ 40,560 annually) on October 3, 2021, and will increase again to \$ 875 per week (\$ 45,500 annually) on October 3, 2022, for Pennsylvania employers.

LOCAL INCOME TAX COLLECTION AND REPORTING

Under ACT 32, every employer must have every employee and all new hires complete and sign a Local Earned Income Tax Residency Certification Form. This form will identify the political subdivisions where the employee both lives and works. This is Form CLGS-32-6 (8-11) from the Department of Community and Economic Development. It is available on the DCED website at www.newpa.com. An employer must keep a copy of the Local Earned Income Tax Residency Certification Form in the employee's personnel file and have it available if they are audited.

This link can be used to determine the political subdivision where the employee lives and works. If you are having difficulty determining the correct PSD Code, we can assist you. <http://munstats.pa.gov/Public/FindLocalTax.aspx>

If an employee moves, they must complete a new residency certification form.

ACT 32 places the responsibility to collect the proper rate of tax from each employee on the employer. If the municipality tax is withheld incorrectly, the employer is liable for any tax not collected. The correct rate is the higher of the tax rate where the employee lives or the nonresident tax rate where he/she works based on his/her current Local Earned Income Tax Residency Certification Form.

Berkheimer Tax Administrator has been selected as the collector for Mercer County. Their website is www.hab-inc.com which details the filing requirements.

LOCAL SERVICES TAX (LST)

Information on withholding LST tax from employees' wages can be found at: <http://dced.pa.gov/local-income-tax-information/local-services-tax>.

Many of the local municipalities LST tax rate is \$ 52 and must be withheld on a pro-rata basis from each employee's paycheck.

For the municipalities' rates, use the website mentioned above and click on "municipal tax rates".

W-2 ELECTRONIC REPORTING

The Social Security Administration encourages all employers to *e-file*. If you are required to file 250 or more Forms W-2, you must file the forms electronically unless the Internal Revenue Service granted you a waiver (Note - There are pending regulations to lower this threshold to 100 in 2022 and 10 in 2023). If you are required to *e-file* but fail to do so, you may incur a penalty. Forms W-2 may be submitted by creating them on-line or by uploading a file in the EFW2 format. You must register with the Social Security Administration to submit W-2 information electronically. Information is available at <http://www.socialsecurity.gov/employer/>.

Before submitting W-2 forms to the Social Security Administration (SSA), make sure all name/Social Security number combinations match the Administration's files. The fines for failure to file using accurate names and Social Security Numbers are outlined in the Instructions for Forms W-2 and W-3 publication from the Internal Revenue Service.

The SSA provides the Social Security Number Verification Service (SSNVS) to allow online verification of employee names and Social Security numbers. There is a link available at <http://www.ssa.gov/employer/ssnv.htm>. You must be registered and have an activation code in order to use the service.

Payroll tip: When you hire a new employee ask to see his/her Social Security card and set up his/her payroll record using the name exactly as it appears on the card. Only make name changes to payroll records if the employee provides an updated Social Security card. Remind employees to promptly report name changes to Social Security Administration (e.g., marriage or divorce). Consider sending an annual memo or e-mail. Tell them mistakes mean money out of their pockets - mismatches can seriously affect their eligibility for and amount of future Social Security benefits.

You cannot report name changes for employees. They can call the Social Security Administration at 1-800-772-1213 and request Form SS-5, "Application for a Social Security Card", which covers name changes. SS-5 can be downloaded from the Internet at <http://www.ssa.gov/forms/ss-5.pdf>.
